WHY JOIN THE CHAMBER?

Together, we can make a difference for the businesses in our area. Whether you are a new or existing business, the Chamber can assist you in expanding your reach and growth.

Chamber events & programs

Chamber events and programs provide members with great opportunities to get to know new people and expand their prospect base. Join us for a Chamber Meeting or Check out our Shop Local Program.

Membership brings credibility to your business

You can increase positive perception among consumers and business owners when you're identified as a member of a chamber of commerce. If you make it known that your product or service makes great client or employee gifts, you could wind up with a very nice flow of business from your fellow members.

Make business contacts

The chamber's fundamental mission is to generate more business activity for the community. The chamber initiates more business-to-business commerce and more opportunities for networking and connecting local professionals than is available through most other local organizations.

Increase your visibility in the community

As a new member of the chamber, you may be listed on Facebook and can have the opportunity to be highlighted in chamber correspondence and other chamber publications. You also can grow your business by advertising with the chamber and sponsoring events.
